Subject: **Hyundai is Hiring - Cost Accounting Specialist**.

We are one of the leading automobile manufacturers in India with a strong financial and operational framework. We have an immediate vacancy for **CA/CMA fully qualified professionals** in the Finance Function.

- Establish and monitor **factory inventory targets** for all material types (CBU, KD, LP, etc.) to effectively control and optimize inventory holding costs.
- Finalize **Landed Down Cost (LDC)** and ensure timely updates to **Standard Cost** for KD materials to support accurate costing and financial reporting.
- Ensure all **month-end closing requirements** are completed on time and verify the accuracy of **material closing reports** for the period.
- Plan, design, and conduct **periodic physical verification** of high-value inventories to confirm physical existence as part of risk management and internal control practices.
- Coordinate with **external auditors** during annual inventory physical verification to ensure compliance with statutory and internal control requirements.
- Regularly **monitor and review inventory levels** against defined targets for all material types to ensure optimal inventory utilization and cost efficiency.
- Collaborate with **internal customers and cross-functional teams** to propose alternative solutions and improvement initiatives aimed at reducing inventory holding costs, particularly for **balance-out models and materials**.

Additional benefits
