About the Job and requirement:

Are you a **Semi-qualified CA** or a **Tax-savvy Graduate** looking to spend the next **4 months** at the intersection of Finance and Fintech? We are looking for high-energy interns to join our team in **Bengaluru** and help us redefine tax filing for millions!

We have two elite tracks available:

📌 **1. Tax Compliance Intern (AF)**
Perfect if you love the "Client Side" and end-to-end filing.
The Mission: Support individual tax compliance from document collection to final ITR filing.
The Work: Research tax planning, monitor statutory timelines, and assist in high-impact tax webinars for corporate groups.

📌 **2. Tax Product Support Intern (L2)**
Perfect if you want to see how "Tax Law" becomes "Software Code."
The Mission: Bridge the gap between the Finance Act and our fintech platform.
The Work: Compliance testing on ITR modules, schema validation, and resolving complex technical tax queries escalated by the tech team.

Who Are We Looking For?

☑ **Semi-qualified CAs** (Articleship completed)

☑ **Tax Experts**: Deep understanding of ITR forms, Budget amendments, and Income Tax provisions.

☑ **Communicators**: Ability to explain complex tax logic to non-tax professionals.

The Rewards 💰

Stipend: **₹30,000 Total** (**₹25k** monthly + **₹5k** completion bonus).

Location: Bengaluru (On-site – experience the heart of India's Silicon Valley).

Duration: **4** Months.
