## Chairman's Communique...

### **Sigaram - 52<sup>nd</sup> Regional Conference of SIRC of ICAI – 10<sup>th</sup>-13<sup>th</sup> December 2020 through Virtual Mode**

Sigaram - 52<sup>nd</sup> Regional Conference of SIRC of ICAI, the flagship programme of SIRC of ICAI for the year 2020 will be held during 10<sup>th</sup>-13<sup>th</sup> December 2020 through virtual mode. Hon'ble Union Finance Minister **Smt. Nirmala Sitharaman** has kindly consented to inaugurate the Conference. President and Vice President of ICAI will be gracing the inaugural session. Maintaining the rich tradition of the SIRC of ICAI in holding the Regional Conferences in a classic manner, visionaries and thought leaders have agreed to share their expertise and experience amongst the delegates on contemporary topics relevant to our profession. What is more we have tied up with VConfex - A Virtual Event Platform from The Times Group for holding this programme which will make you have a different and world class experience.

On behalf of the SIRC of ICAI, I earnestly seek the members wholehearted support by attending the Conference to make it as one of the best presented Conferences in the history of the SIRC.

### **International Trade Barometer shows recovery**

According to WTO reports, World trade in goods bounced back in the third quarter of calendar 2020 with a surge in export orders, after dropping 17.2 per cent (year-on-year) in the second quarter though certain components indicate that the resurgence of Covid-19 may hit performance again. The other concern that second wave of Covid infections happening in Europe and North America may play a spoilsport in the days to come. Nevertheless, the pandemic allowed India to repurpose its industry to make personal protective equipment (PPEs), ventilators and brought together all the sectors for the delivery of healthcare and progressively move towards 'Aatma Nirbhar', and India is not only meeting the demands for domestic consumption, but also exporting to 235 countries. India will become a manufacturing hub and deliverer of the best quality of healthcare at affordable costs as per a section of the media.

### **Digital India must broaden its base**

Over the past 6-7 years, India has taken a big leap to become a cash light economy, a nation that has previously dominated by cash transactions has evolved with dynamic payments eco system. As consumers and merchants experienced the convenience, safety along with other benefits of digital payments and aspirations to do more surged and our Nation registered over 21 billion transaction during the financial year 2019-20, as per media reports. Moreover, encouraged by the early achievements of digital economy, the government, according to a section in the press, set an even more ambitious target of over 46 billion transaction for the current fiscal. It is my sincere hope that our members have a great role to play in this digital transaction transformation in the overall interest of our stakeholders and we should adopt a strategy that right from initiation of a business entity we must promote digitisation culture so that an integrated all-inclusive digital economy can flourish.

### **Towards better Transparency**

In the Financial Markets *information* is always remains the power and tool for risk management. Small investors are at a disadvantageous position with respect to getting the timely information about the listed entities. To plug the gap, the Securities and Exchange Board of India has come out with recommendations on providing a level-playing field to all shareholders – big and small – regarding information flow from listed companies. The market regulator said listed companies should make available audio and video recordings of post-earning conference calls on their websites and stock exchanges within 24 hours or before the next trading day.

## Personal financial planning

The perception that commercial banks will never be allowed to fail has led many depositors to invest their money in banks with the highest interest rates, paying little attention to their business or financials.

But the recent bank failures remind us that even if the Reserve Bank of India (RBI) steps in to bail out a distressed commercial bank, the process is not pain-free for depositors. We must educate our clients about basic technique of spotting trouble signs in a bank like financial check including leverages, RBI actions, Managements Clash, Share Prices (if the entity is a listed one) etc.

## Sub Regional Conferences and Other CPE Programmes of SIRC of ICAI

During November 2020, SIRC has organised Sub-Regional Conferences through Bellary Branch (for Karnataka), Puducherry Branch (for Puducherry), Visakhapatnam Branch (for Andhra Pradesh) and Hyderabad Branch (for Telangana) in addition to SIRC's own virtual CPE Programmes. All these programmes were well received and appreciated by the participants. Importantly SIRC had the privilege of hosting Dr. Arvind Subramanian, Former Economic Adviser, Government of India who addressed the 13<sup>th</sup> V. Sankar Aiyar Memorial Lecture on the topic 'India's Inward Turn: Causes and Consequences'.

## SIRC Coaching Classes

For May 2021 Examinations, SIRC of ICAI has scheduled Online Coaching Classes for Foundation level from 23<sup>rd</sup> December 2020 onwards. **SOUTHERN INDIA REGIONAL COUNCIL**

"ICAI Bhawan", No. 122, Mahatma Gandhi Road, Nungambakkam, Chennai - 600034.

## LEADER'S THOUGHT

### Esteemed Members,

Let me express my sincere thanks to CA. Dungar Chand U. Jain, Chairman, SIRC for providing a platform for the members of the Regional Council to get connected with our members through the medium of "SIRC Newsletter"

under the caption "Leader's Thought" which reaches the entire professional fraternity across the Southern Region.

Communication plays a very significant part in everyone's life. The saying "**The way we communicate with others and with ourselves ultimately determines the quality of our lives**" substantiates the importance and impact that communication creates.

To me, professional interaction means a structured manner of sharing experiences, ideas and opinions about issues impacting professional interest.

### Members Knowledge Updation

Our profession, as each one of us are aware, is most dynamic and vibrant. Updation of knowledge is therefore one of the priorities to us in pursuit and process of learning, knowledge and value addition. This priority can be achieved only when we participate actively in conferences, seminars, workshops and such other programs conducted by various organs of our Institute for this purpose.

ICAI gives great importance in providing knowledge updation to its members and it can proudly boast to be the pioneer in the field of knowledge dissemination to its members through the concept of "Continuing Professional Education".

My appeal to the members is to extensively participate in such events conducted by SIRC not only to comply with the statutory requirements of minimum hours of learning but also for enhancing and adding value to our professional competence.

### Quality of Our Work

With the accounting profession enlarging its scope of its activities and the regulators' and stake holders' expectations from us are on the high, the quality of our work has to speak for itself with constant improvement in our rendering the best services with qualitative reports, as we are always known for. We should ensure that the standards that are in place and strict observance of ethical values in letter and spirit should be the key factor in enhancing our esteem amongst the society.

### Office Team Building and Increasing the Team Size

Specialization in any profession is the buzz-word in any profession, be it medical, legal, engineering and also the profession of accountancy. The last one decade had witnessed significant changes in our profession with the introduction of Companies Act, Goods and Service Tax, Forensic Audit and Fraud Detection/Prevention and extensive avenues in the field of consultancy, to mention a few. To keep pace with the changing environment and to stay ahead to welcome newer professional avenues, it becomes increasingly necessary that we build robust teams for different fields of activities in our office so that we can render exceptional service to our clientele and stay afloat in nation building true to the recognition of our profession as "Partners in Nation Building".

In this context imparting the best of practical training to our articled assistants who are going to be the future Chartered Accountants also would meet this objective of team building.

I take this opportunity to wish all the members and the students a **VERY HAPPY NEW YEAR – 2021**. Let the New Year bring with it propensity to prosperity, enrichment of knowledge and happiness to you and your family.

With warm and best regards

**CA. K. JALAPATHI**

**Important Announcement regarding the Last Date of Payment of Membership / COP Fees - (02-12-2020)**

The members are aware that in order to mitigate the hardships faced by some of the Members due to various reasons, the Institute had extended the last date of payment of Membership/ COP Fees for Financial year 2020-2021 to 15<sup>th</sup> December, 2020.

In this regard, attention of the members is also drawn to linkage of live membership status as a pre-requisite for all certification courses and access to DLH and other benefits including article registration in addition to generation of UDIN on all documents issued by Chartered Accountants for assignments related to audit, attestation and certification which has been made mandatory by ICAI.

In view of above, Members are once again requested to pay the fees well in time before waiting for the cut-off date of 15 Dec 2020 so as to avoid any last minute hassles.

Help us to serve you better.

The Union Cabinet chaired by the Prime Minister, Shri Narendra Modi has approved the signing of the Memorandum of Understanding (MoU) between the Institute of Chartered Accountants of India (ICAI) and the Vereniging van Register controllers (VRC), the Netherlands.

The MoU would help in strengthening and development of the Accounting, Financial and Audit Knowledge Base between the Netherlands and India.

#### **Implementation strategy and Targets:**

- ICAI and VRC will work together to hold and conduct Technical Events, Seminars, Conferences in the Netherlands;
- To establish possible co-operation in respect of Member Management, Professional Ethics, Technical Research, Continuing Professional Education; Professional Accountancy Training, Education and Examinations, as well as the Institutional Capacity Building of the Accountancy profession;

- To offer short term professional courses in the domain of Accounting, Finance, Information Technology and Audit in the Netherlands;
- To discuss potential emerging developments in form of Students and Faculty Exchange programmes;
- Share available unrestricted information concerning the accountancy profession in India and the Netherlands and internationally when required.

**Benefits:**

The engagement between the premier Institutes of both the countries would help to generate greater employment opportunities for Indian Chartered Accountants and also greater remittances back to India.

**Impact:**

ICAI has a strong membership base of over 1500 members in the European region and around 80 members in the Netherlands. The contemplated MoU, for providing assistance to VRC, the Netherlands, shall benefit the ICAI members in the region and would provide an additional impetus to prospects of the ICAI members to get professional opportunities in the Netherlands.
