About Lattice Point Academy of Finance

Lattice Point Academy of Finance is a cutting-edge educational platform focused on Financial Services. Established by a respected industry professional, our goal is to provide students and early professionals with the latest knowledge and skills demanded by prominent Banks, Mutual Funds, Insurance Companies, Stock Brokers, Investment Bankers, Wealth Managers, and Merchant Bankers. Within just one year of our establishment, we have become trusted knowledge partners for clients in diverse market segments, including stock exchanges, wealth managers, market infrastructure intermediaries (MIIIs), and selected educational institutions.

About the Opportunity

- You will interact and be mentored directly by a seasoned industry veteran in Banking and Securities Markets.
- You will go through a steep and guided learning curve in the subject area of your project. You will receive study material and industry handbooks from us and will have access to your mentor as and when needed.
- Your name will appear on our on-line portal as one of the main contributors to the course.
- Potential future employment opportunities based on merit and mutual interest.
- You will receive a stipend upon completion of the project.

About the Project

- Our project involves the creation of a digital version of our content library. Few illustrative titles include: "Mergers & Acquisitions" in the Investment Banking Space, "Digital Banking" in the Banking Space, and "Stock Exchanges & Clearing Houses" in the Securities Markets Space.
- Initially, we are transforming our content into visually appealing slideshows. Subsequently, these slide shows will be animated with suitable voice-overs and uploaded onto our online learning platform, currently under development.
- Your creative talent and ability to grasp new concepts will be vital in translating complex Banking and Securities Markets concepts into visually engaging narratives presented through slide shows that are easily understandable.

Your slide shows should:

- ✓ Visualise and present each concept graphically to make it easier for a first time reader to grasp the concepts.
- ✓ Structure the flow of the slide show in a manner that has a logical flow to it.
- ✓ Keep it short and to the point.
- ✓ Write detailed speaker notes to explain the visuals.
- ✓ Rely on the visuals and graphics to bring out the essentials of the concept and rely on the speaker notes for more detailed explanations.

Your slide shows should not:

- ✗ Appear cluttered and overloaded
- ✗ Reproduce the prose that is provided as it is.

Qualifications

- ❖ Keen interest in learning about banking, stock markets and fixed income markets and a basic understanding of these subjects.
- ❖ Excellent command over applications such as Canva, Google Slides, Microsoft PowerPoint, Adobe Photoshop, Illustrator.
- ❖ Excellent written and spoken skills in English are a must.
- ❖ Recent graduates or currently final year students in BBA, Visual Communications or B.Com
- ❖ Recent graduates or currently pursuing first or second year MBA or M.Com.

**APPLY
NOW**

To apply, please submit your resume along with sample slideshows that you have done for your college projects or during any prior internship or work experience.

Mukund Kannappan

Mukund Kannappan comes with a 30-year history of overseeing products and portfolios in the Indian capital markets, navigating through various market cycles and diverse asset categories.

He commenced his professional journey as a Research Analyst at SBI Mutual Fund in 1994.

He joined the start-up team at Standard Chartered Mutual Fund in 2001, initially serving as an Assistant Fund Manager and later advancing to the position of Senior Fund Manager. At the time of leaving Standard Chartered Mutual Fund (formerly IDFC Mutual Fund), he held the responsibility of overseeing the complete range of fixed income and structured hybrid funds.

He then transitioned to Deutsche Bank AG, where he managed the group's exposure across diverse credit market segments, encompassing Liquid High-Grade credit, Illiquid High Yield credit, and Cross-border credit through various credit cycles.

Additionally, he served as a Director on the Board of Deutsche Bank's NBFC.

Subsequently, he embarked on a three-year stint with the JM Financial group, where, in his role as Managing Director and Chief Investment Officer, he established a Category II Alternate Investment Fund and managed a cross functional team comprising investment, sales, legal, and operations.

Building on his extensive experience, he founded Lattice Point Academy of Finance, dedicated to delivering advanced financial education to aspiring students and working professionals alike.
