iRaise Management Consultants

(Staffing Practices – Right People for Right Job)

WE ARE HIRING!

Lead. Inspire. Make an Impact.

Senior Manager – Finance & Accounts

Chennai | CA/CMA/MBA

KEY RESPONSIBILITIES

Budgeting, Cost Control & Profitability

- Oversee budgeting, forecasting, financial planning, and the collation, compilation, review, and preparation of annual budget requirements (both Capital & Operational expenditure) across departments for the upcoming financial year.
- Drive cost optimization without compromising product quality, while monitoring department-wise profitability, cost centres, and planned vs. actual budget spending, escalating significant variances to the CFO/CEO.

Financial Management & Control

- Oversee billing, collections, cash flow, working capital, and fund utilization while ensuring effective financial controls to safeguard company assets.
- Ensure accurate and timely preparation of monthly, quarterly, and annual financial statements in compliance with financial standards.

Accounting & Compliance

- Possess strong understanding of research and development revenue models while ensuring compliance with GST, Income Tax, TDS, PF, ESI, and other applicable statutory regulations.
- Coordinate with statutory auditors, internal auditors, and tax consultants and ensure timely filing of returns and adherence to all financial and regulatory compliances.

Strategic & Business Support

- Evaluate CAPEX proposals, provide financial insights on capital investments, and support pricing strategy initiatives.
- Assist management in financial negotiations and relationship management with vendors, insurers, and banking partners.

Team Leadership & Systems

- Lead and develop the finance and accounts team.
- Drive implementation and optimization of HIS / ERP / HRMS / Accounting systems.
- Establish SOPs for finance and procurement processes.
- Will also be an advisory in Investments and Costing.

REQUIREMENTS

- Qualifications : CA / CMA / MBA (Finance) from a recognized institute.
- 5 to 10 years of experience in finance & accounts, including at least 3 years in a senior finance role. Experience in a startup is a plus.
- Strong knowledge of Indian Accounting Standards, Taxation, GST & Compliance.
- Experience in budgeting, MIS, cost control, financial analysis and reporting.
- Strong understanding of technology related finance and economics.
- Proficiency in ERP systems and advanced Excel.
- Excellent leadership, communication and stakeholder management skills.
- High ethical standards and attention to detail.

Lead the change.
Grow with purpose.
